FLEET CLEAN

CFC 20Ltr, 200Ltr

Fleet Clean is a concentrated, biodegradable, water-based detergent cleaner. This powerful, but safe formulation can be used for all automatic or manual cleaning. For more efficient removal of grease, soils, hydraulic and other oils from all plant equipment. It is safe for all painted finishes on cars, trucks, drill rigs, earthmoving plant, boats and motorcycles.

BRAKE CLEANER

CBPC 20Ltr, 200Ltr

- Blended with highly refined solvents and alcohols
- Leaves no residue
- Does not contain any CFC or Carcinogens
- Dissolves grease, oil, hydraulic oil and other soilage
- Use to clean up workshop parts

GELCLEAN

CGC 500ml, 20Ltr

A premium quality pH-neutral, biodegradable liquid hand cleaner. Contains no harsh solvents or alkali's. Formulated with natural ingredients including orange oils, coconut oil surfactants, emulsifiers, skin moisturisers and emollients. Safe on most skin types.

SUPERWASH

CSW 1Ltr, 5Ltr, 20Ltr, 200Ltr, 1000Ltr

- Biodegradable
- Safe on all painted surfaces
- Pleasant fragrance
- Highly concentrated
- Economical in use
- Compatible with both hard and salt water
- Solvent Free

AUTOSOLVE

CASLV 20Ltr, 200Ltr

- Fast evaporating solvent with low flash point
- Mild solvent that is unlikely to damage the surface of most materials
- High solvency of greases and oils
- Commonly used to clean automatic transmissions
- Can be used to clean surfaces prior to painting

TYRE SHINE

CSTS 1Ltr, 20Ltr

Chem-rite Tyre Shine is a premium quality, longer lasting product that excels in rejuvenating, sealing, protecting and enhancing all rubber surfaces. Contains a mix of silicone oils to promote a longer lasting shine.

SOLVENT DEGREASER

CSDG 1Ltr, 20Ltr, 200Ltr, 1000Ltr

Solvent Degreaser is a blend of hydrocarbon solvents, surfactants and solubilisers formulated to be highly effective in dissolving grease and other soilage. Use to degrease parts, motors, transport, marine and mining equipment. Rinse with water after 5 minutes.

GELCLEAN GRIT

CGCG 500ml, 5Ltr, 20Ltr

Made from natural fruit-based and bio-renewable derived solvents. Contains orange oils and coconut compounds which are combined with special skin emollients and mild abrasive grit for ingrained soil removal. A safe and highly effective hand cleaner.

BARRIER CREAM

CBC 500ml

Contains: Lanolin, emollients, mango and sanitisers. Absorbs quickly allowing handling of tools without slipping. Has a pleasant fragrance.

TRIPLE CLEAN

CTRC 750ml, 5Ltr, 20Ltr, 200Ltr, 1000Ltr

Chem-rite Triple Clean is a powerful, biodegradable water-based formulation. It is non-caustic and has a pleasant fragrance. Safe enough to use diluted as a spray and wipe or as a heavy duty cleaner to degrease your engine.

WD LUBE

CWDL 1Ltr, 20Ltr

WD Lube is a multi-use anti-corrosion lubricant. It will clean and protect surfaces from rust, displace moisture and lube squeaks. It is ideal to use in marine, industrial, transport, automotive and engineering.

GLASS & CHROME CLEANER

CGCC 750ml, 5Ltr, 20Ltr, 200Ltr

Chem-rite Glass & Chrome Cleaner with new anti-streak technology is a superior cleaner and polish.

- Suitable for glass, chrome, mirrors and stainless steel
- Industrial strength
- Tint safe
- Economical size

TURBOWASH RED

CTWR 5Ltr, 20Ltr, 200Ltr, 1000Ltr

Turbowash Red is an extra heavy duty, water-based detergent for use in removal of heavy grease, soils, hydraulic and other oils from equipment and floors.

RIG & TRUCK WASH

CRTW 15Ltr, 20Ltr, 200Ltr, 1000Ltr

Rig & Truck Wash is a concentrated water-based detergent cleaner. Utilising the latest surfactant technology, it is more efficient for use in removal of grease, soils, hydraulic and other oils from plant and equipment. It is safe on all painted finishes on drill rigs, trucks, boats and motorcycles.

ANTI FREEZE

CAFRTU 5Ltr, 20Ltr, 200Ltr, 1000Ltr

This is a 50% premix. Recommended replacement 40,000km or 24 months. Driving conditions and engines should dictate if coolant changes should be made earlier. Helps protect from corrosion in aluminium alloy, cast iron, steel, brass and copper. Always top up with premix coolant to avoid dilution of engine coolant and maintain full protection.

MULTI-CLEAN

CMC 5Ltr, 20Ltr, 200Ltr, 1000Ltr

A powerful, biodegradable and water-based formula. It contains NO petroleum solvents. It is safe enough to use diluted as a spray and wipe or just as a heavy duty cleaner for jobs where an environmentally responsible cleaner is preferred.

VINYL REVIVER

CVR 750ml, 5Ltr, 20Ltr, 200Ltr

Vinyl Reviver will protect and enhance all vinyl, plastic, rubber and powder coated surfaces. It is safe and suitable for use in cars, trucks, buses, caravans, farm vehicles and on boat bimini's, bikes, refrigerators and seats.

- Pleasant fragrance
- Non flammable
- Economical in use and solvent free

DYNAFUEL

CDNF 250ml, 1Ltr, 5Ltr, 20Ltr, 200Ltr

1 litre treats 4,000 litres / 20ml will treat up to 80 litres of fuel. Assists fuel to burn cleaner and more efficiently while keeping injectors, filters and chambers clean. Disperses and emulsifies moisture in fuel tanks and lines, and enhances cleaner and more efficient combustion. Reduces harmful emissions and exhaust gases.

MARINE CLEAN HD

CMCHD 5Ltr, 20Ltr, 200Ltr, 1000Ltr

A concentrated, biodegradable water-based cleaner. Use for phosphating steel surfaces prior to painting. Recommended for the removal of rust, calcium, hard water, scale, soap scum, build up on urinals and sinks and for soaking corroded marine pump parts. Will also remove crustacean and barnacles from hulls.

ENVIROCLEAN

CENV 750ml, 5Ltr, 20Ltr, 200Ltr, 1000Ltr

An environmentally safe multi-use cleaner/degreaser. Designed and formulated as a heavy duty cleaner to remove a wide range of known soilage. Suitable for use on all mining equipment, driveways and workshop floors, industrial machinery and engines, trucks and vehicles, boats, bilges and marine engines.

SILICONE ULTRALUBE CASUL 350g

- Contains more silicone than any other product in the market
- Significantly uses less product to get the same job done
- 360° valve which allows the can to be held upside down for application in hard to reach areas
- Longer lasting protection
- Waterproof, non-toxic and anti-static

CHAIN AND CABLE LUBE CACCL 400g

- Superior adhesive strength allowing the product to be applied without drips and runs
- Highly water resistant
- Penetrates fast with a slight foaming on application
- Stable over high temperatures
- Resists fling-off
- Heavy duty due to anti-wear and extreme pressure additives

HEAVY DUTY W.D. LUBE CAHDWD 400g

- Spray compounds dissolve corrosion breaking the bond between rust particles
- Penetrates easily and quickly into seized nuts and bolts
- Formulated for extreme conditions such as Marine Mining
- Provides an anti-corrosion barrier and is resistant to sea water/salt spray

THROTTLE BODY & CARBY CLEANER CATBCC 400g

- Contains no carcinogens and is not based on dangerous Toluene as a carrier solvent
- Stronger formula using the latest safe solvent technology to provide the strongest grease cutting power
- Economical by using less product to do the job

CONTACT CLEANER NF CACCNF 450g

- Formula is designed to be stronger yet remain non flammable
- Evaporates completely leaving no residue
- Non conductive
- Non corrosive
- High quality cleaning solvent which removes flux and grease

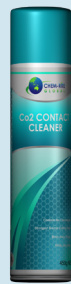

DUST BUSTER CADB 283g

- Dust Buster was created to fill the niche of non flammable products for use in removing dust and lint from all electronic and electrical equipment.
- Non flammable
 - Evaporates completely, leaves no residue
 - Non corrosive, non-abrasive
 - RoHS compliant

CO₂ CONTACT CLEANER CACCC 350g

- Contains no carcinogens or dangerous chemicals
- Inert, high purity solvent
- Stronger, superior formula that evaporates quickly after cleaning
- Will evaporate quickly and completely leaving no residue
- Non staining
- Contains no lubricants or silicone

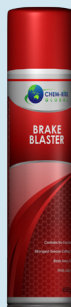

NON FLAMMABLE BRAKE BLASTER CANFBB 450g

- Use to blast dirt and grease from forklift masts and chains, scissor lifts, cables, winches, cranes, mining and earthmoving parts
- Use to blast away oil, grease, hydraulic fluid and brake fluid from engine parts, electric motors, machinery, farm equipment and brake parts without disassembly

BRAKE BLASTER CABB 400g

- High pressure, heavy duty solvent cleaner
- Does not contain chlorinated solvents
- Dries completely leaving no residue
- Formulated with superior solvent technology as a safer alternative to toxic solvents
